### Katie Reese

Specialist Teacher

Sir Alexander Fleming School

Area of interest  
- Early Years

I have worked in the Early Years for the past four years in both reception and the nursery.

I have valuable experience of working within a team and planning in a variety of different ways including for individuals, small groups and larger classes. I have a particular interest in enabling environments.

I am happy for teachers to visit my setting. I am also passionate about creativity; creative/ innovative contexts and children becoming creative within their learning. I have visited Reggio Emilia and have taken some inspiration from this approach within my own teaching.

Personal qualities

I am energetic, enthusiastic and encouraging. I am open and willing to share ideas, as well as being inspired by others. I am committed to improving standards.
